

How to Plan and Purchase a Greenhouse or High Tunnel

Thursday, July 11, 2024 · 1-4 pm · **FREE**

VSU Randolph Farm Pavilion, 4415 River Rd, Petersburg, VA

If you plan to purchase a greenhouse or high tunnel, this educational program is for you! Harry Edwards of RIMOL Greenhouse Systems will explain the various types of greenhouses and high tunnels that are available. You will learn about methods for calculating size and what customization options are available. Dr. Theresa Nartea of VSU Integrated Marketing will bring snacks and help you visualize how to plan your marketing based on what you grow. A USDA representative will be on hand to present various funding methods through USDA program loans and grants. At the end of the workshop, we will visit the VSU Randolph Farm high tunnel with Mr. Edwards and Dr. Nartea to look at typical high tunnel space and step through a potential layout plan together. What does and doesn't work? Come find out!
