

# Hoop House Winterization and Preservation

**NOVEMBER 4 • 5 - 6:30PM**

**EASTERN TIME**

*Join us on Zoom*

Do you own or are you interested in owning a high tunnel or hoop house? Let Grace Summers of VSU Small Farm Outreach Program and her over 30 years of hoop house/high tunnel/greenhouse experience guide you into how to protect and preserve your growing investment going into the winter season. High tunnels are a major farm expense that yields a great market advantage but like anything else has to be maintained properly for proper and consistent performance. Ms. Summers will give you the do and don'ts of maintaining your high tunnel and also field your questions. This will be a hybrid event, allowing for virtual and in person viewing.
