

The Benefits of Lactic Acid Bacteria Serum

Monday, July 15, 2024 · noon–1:30 pm
VSU Randolph Farm Pavilion, 4415 River Rd, Petersburg, VA
FREE · Space is limited to 30 participants.

Are you looking to improve soil health, create better compost, improve the health of your livestock, and make your own organic fertilizer for pennies on the dollar? This workshop will cover all of these topics, along with the benefits of incorporating lactic acid bacteria (LAB) into your farm inputs. We will also discuss how to create LAB and store it to make it shelf-stable.
